Our Awesome Poem

I woke up this morning with a trip on my mind
 And then I arrived a the University and there it shined
 With the beautiful structures and surrounding nature
 The future that my eyes can capture
 With the compass pointing North
 My destination right before my eyes
 Following my direction, I walked back and forth
 And I can hear the Captain say "Aye! Aye!Aye!"
 With the beautiful clouds in the sky!
 I FLY... FLY... FLY...

P.S. Not literally :) by the Aweson Eagles

Another Poem

The GPS was a blast
 We ran so fast
 Lots of workout, lots of energy
 Now I can read coordinates
 Oh! What an achievement!
 Shout out to Guelph
 I see myself here someday
 Thanks for the experience
 Thanks for the fun.
